*A Fish & Chips Themed Card Game*

## Requirements:

A die, a coin, game cards, game board (optional)

## Game Cards:

The Ocean includes Main dish cards (x12) and Side dish cards (x30)

Menu deck includes Menu cards (x16)

## Rules:

To get the game started, you have to shuffle the Main dish and Side dish cards together, and lay them face down. This will be the Ocean. Then shuffle the Menu cards to make your Menu deck, face down. Separate the two from each other.

1. Draw a card from the Menu deck. (This card is the winning condition)
2. Flip a coin.
3. Heads will allow you to draw from the Ocean, Tails will be a physical activity task for one minute. (e.g. jumping jacks, push ups, sit ups, etc.)
4. A card should be drawn every available round until you've gotten your full order for your Menu card.

## Extra Mechanics:

## Discarding and redrawing:

Every other round you have the choice of drawing or discarding and redrawing. If you decide to discard and redraw, you must first roll a die to see the amount you have to discard and redraw.

1 card of any type = 1 discard & redraw

2 card of any type = 2 discard & redraw

3 card of any type = 3 discard & redraw

4 card of any type = 4 discard & redraw

5 card of any type = 5 discard & redraw

6 cards of any type = 6 discard & redraw

*\*Reshuffling of the Ocean is required with each **discarded** card.*
