

# Game Manual

## Introduction

This is a single player board game. Title of the game is '**One Long Battle**'

The game is about retrieving the sword of the king which he lost in a war & now some evils have hidden it in a tower. Now king's goal is to get back his sword from the tower, but the tower is guarded with 6 clans.

## Player's Goal

- Player must collect all key enchants to open tower gate & retrieve sword.
- Collect coins that will help buy Ability & Action cards. These cards will help defeat enemies so player can collect key enchants

## Game Assets

- Board
- 2 dice (one with numbers & another with symbols)
- Resources (gems & herbs)
- Coin cards (copper, silver, gold)
- Ability cards & Action cards (special cards)
- Enemy pieces & wolf pieces
- Key & a sword

## Game Setup

- Unfold the board and take a seat around the board.
- Place enemy pieces as per marked on board.
- Skull pieces on green land & wolf pieces on brown land.
- Place key enchants (5 parts) onto the treasure chest given on board.
- Place the sword onto the tower.
- All green land contains gem cards & brown land contains herb cards.

## How To Play

- Roll symbol dice to change clans & roll number dice to move within a clan
- You can move king pawn in any direction but not diagonally within the clan.
- Avoid placing the king one step closer at the enemy or else the enemy can kill you.
- Try collecting resources that are located inside barrels.
- You can exchange resource cards with coin cards at an exchange shop, but there are only 2 shops so you should use symbol dice to reach there.
- If you are able to get coin cards then buy Ability cards or Action cards.
- With the help of special cards you can kill enemies or protect yourself.
- You must kill enemies located in front of the treasure chest.
- Collect all key enchants & form a key.
- Place the key on the tower gate & get back the king's sword.
